

“Every revealed religion is filled with mysterious dogmas, unintelligible principles, incredible wonders, astonishing recitals, which appear to have been invented solely to confound reason.”

Baron d’Holbach (1723-1789)

“All national institutions of churches, whether Jewish, Christian or Turkish, appear to me no other than human inventions, set up to terrify and enslave mankind, and monopolize power and profit.”

Thomas Paine (1737-1809)

*The time to be happy is now.
The place to be happy is here.
The way to be happy is to make others so.*
Robert Green Ingersoll (1833-1899)

“Reason may be a small force, but it is constant and works always in one direction, while the forces of unreason destroy one another in futile strife. Therefore every orgy of unreason in the end strengthens the friends of reason, and shows afresh that they are the only true friends of humanity.”

Taslina Nasrin (1962-)

“Atheism isn’t a handful of high-profile writers and speakers and celebrities. Atheism isn’t Richard Dawkins and Julia Sweeney and Ricky Gervais. These people are important, of course. But atheism is all of us. Building a community, and creating a movement for social change – that is something that is done on the ground.”

Greta Christina (1961-)

We take part in and support our local community. For example, we:

- host a table at the annual St. Cloud Pride event at Lake George;
- hold an annual drawing for a family membership to the Science Museum of Minnesota in St. Paul;
- sponsor a youth each summer to attend Camp Quest, an educational camp stressing fun, freethought, science, and humanist values;
- make annual contributions to Anna Marie’s Alliance, a shelter for victims of domestic violence in St. Cloud, and Planned Parenthood;
- participate in a semi-annual high-way clean-up on Highway 10 (north of Camp Ripley).
